

What is it?

Why is it important?

Infant mortality Rate
(IMR)

Locate and record the Infant Mortality Rate for Japan, India, Nigeria

What is it?

Why is it important?

Arithmetic density

Locate and record the arithmetic density for Singapore, Mexico and Australia

What is it?

Why is it important?

Total Fertility Rate
(TFR)

Locate and list TFR for Chad, Japan and India

What is it?

Why is it important?

Crude Death Rate
(CDR)

Locate and record the CDR for South Africa, Germany and Mexico

What is it?

Why is it important?

Life Expectancy

List factors that affect life expectancy

What is it?

Why is it important?

Crude Birth Rate
(CBR)

Locate and record the CBR for Germany, Kenya and Mexico

An empty light blue rectangular box intended for recording the Crude Birth Rate for Germany.

An empty light blue rectangular box intended for recording the Crude Birth Rate for Kenya.

An empty light blue rectangular box intended for recording the Crude Birth Rate for Mexico.

What is it?

Why is it important?

Dependency Ratio

Sketch a bar graph showing the different dependency ratios for Kenya, Germany, Japan, Mexico, and the United States

What is it?

Why is it important?

Natural increase rate
(NIR)

Research the NIR for the world, between Latin America, Africa and Europe determine which continent has a low, middle and high NIR

low

middle

high

What is it?

Why is it important?

Population pyramid

Sketch a population pyramid for Germany, Democratic Republic of Congo & Japan
